

Video title: Social Distancing Detector using YoloV3:

https://drive.google.com/drive/u/0/folders/1IYdjdMxfDLM_WS6Ym_eqRLBZ_Vgngrb

We got a copyright claim from YouTube for using the video on which we ran our YoloV3 code. Also, the person who gave copyright strike has only 1 video on his channel (Stunning Videos) and is totally different from ours.

Don't know why he gave copyright strike. So, for the time being instead of proceeding legally we have uploaded the video on drive and shared the drive link.
